Description:

Amy is terrified. She hears scratching and scurrying noises coming from the dollhouse in the attic, and the dolls she was playing with are not where she left them. Dolls can't move by themselves, she tells herself. But every night when Amy goes up to check on the dollhouse, it's filled with an eerie light and the dolls have moved again! Are the dolls trying to tell her something? Could this all be connected to the murders of her great-grandparents? Sinister secrets unravel as Amy gets closer to revealing the mystery of the dolls in this haunting novel that combines complicated family relationships with a bone-chilling mystery. Even readers who love scary stories will want to keep the lights on after finishing! On many state reading lists and an Edgar award nominee when first published, the hardcover edition has been unavailable for years. The all-new foreword and jacket make this spooky classic perfect for sharing with a new generation.
