A compelling look at the important role that dogs have played in America's most recent military conflicts, replete with the touching stories of individual dogs and their handlers/soldiers.

Description:

Loyal and courageous, dogs are truly man's best friend on the battlefield. In *War Dogs*, Rebecca Frankel offers a riveting mix of on-the-ground reporting, her own hands-on experiences in the military working dog world, and a look at the science of dogs' special abilities from their amazing noses and powerful jaws to their enormous sensitivity to the emotions of their human companions. The history of dogs in the US military is long and rich, from the spirit-lifting mascots of the Civil War to the dogs still leading patrols hunting for IEDs today. Frankel not only interviewed handlers who deployed with dogs in wars from Vietnam to Iraq, but top military commanders, K-9 program managers, combat-trained therapists who brought dogs into war zones as part of a preemptive measure to stave off PTSD, and veterinary technicians stationed in Bagram. She makes a passionate case for maintaining a robust war-dog force. With a compelling cast of humans and animals, this moving book is a must read for all dog lovers, military and otherwise.
