Selling Points:

101 kid-approved science activities and experiments that are an educational and fun way for parents, grandparents and babysitters to spend quality time with kids.

Description:

These fun, accessible activities will get your kids learning about the world around them, the human body and laws of force, attraction and energy. Holly Homer and Rachel Miller are the women behind the bestselling book 101 Kids Activities That Are The Bestest, Funnest Ever! and the wildly popular site KidsActivitiesBlog.com, which has over 10,000 subscribers, 614,000 Facebook likes and 13,000 Twitter followers. Make pickles glow, mix magnetic mud, build terrariums or explore centrifugal force. With these indoor and outdoor activities, everyday ingredients and tips for adjusting according to your child's age, you'll have hours and hours of fun, learning and discovery with your family. These engaging activities are a perfect way to spend enjoyable quality-time with your kids and to introduce them to the fun of science and discovery.
