#### Selling Points:

Cool meets geek in this hilarious and touching picture book about what happens when a nerdy birdy tries to make friends.

#### Description:

Nerdy Birdy likes reading, video games, and reading about video games, which immediately disqualifies him for membership in the cool crowd. One thing is clear: being a nerdy birdy is a lonely lifestyle. When he's at his lowest point, Nerdy Birdy meets a flock just like him. He has friends and discovers that there are far more nerdy birdies than cool birdies in the sky. Everything is looking up until a new bird moves into the neighbourhood. She looks lonely. What's a nerdy birdy to do?
